Today is April 8th,2017 a Saturday. As I was dusting,I came to the picture on the wall of a framed print my husband and I had bought years ago of one of Gary's paintings.It is over 20 years old now and the colors had turned a light blue. My husband will have passed 6 years ago this coming April 22; As I dusted it, my thoughts went back to when we both saw this painting and fell in love with its beauty and the artist who painted it. 7 years ago I met Gary at the Ala Moana shopping center where his paintings and prints were being displayed , and I told him about how my husband and I had bought that first framed print as an anniversary gift to each other. He was very sweet and liked that his painting helped make a memory for us. Well, a half hour ago, I decided to go on line to order a large replacement print for the faded one , and in the process saw that Gary had passed on in 2015. I was so heart broken with that news; although I was born and raised on Oahu, I live in California now and didn't hear the sad news. My thoughts and prayers go out to the family and everyone that loved him. His memory will live on in my heart and in my house where another one of his paintings hang. God bless you all. " Gary, rest in peace". 🌸🌿🌻

My family just learned of Mr. Reed's passing. My father Francis Ikeda helped fix his home in Waianae when problems arose with the people he hired. When I met him he was such a wonderful man. I remember being in awe of his home. He was very appreciative of my family helping him he gave my mother a few signed koa framed lithographs. Which my mom cherishes. Our family lost touch with him as life happened. But we have fond memories of him. I'm very sorry and my heart goes out to his loved ones.

Our deepest sympathy to Ofellia and family. My husband and I were deeply saddened to hear of Gary's passing. What a loss for all who knew him. We first met Gary and his art thru mutual friends. We have many of Gary's paintings in our home. He even delivered them and helped my husband hang them. We are unable to attend the services honoring his life but know that we are there in spirit. My condolences to Ofellia and the Reed Ohana. I met Gary in the early 70s when I responded to a robbery call to his residence on Moua Street in Makaha. Later he told me that he was looking for a room mate to share the beach house and I couldn't resist the location and moved in. Gary was selling his paintings on the Kapiolani Zoo fence on weekends and painting like a madman through the week. I was a cop on the leeward coast and he was just starting to grow his business. We got along like brothers. We shared that rustic beach house for a couple of years and I have to say that those were some of the craziest times of my life. RIP my friend. Larry

At Nissan Motor Corporation in Hawaii we had a number of works from Gary and for many years I had his work at auctions for the CATRALA conventions and for some of the Easter Seals Golf Tournaments. Gary was always helpful in these events and even mentored me a wee bit with my own artistic endeavors. I have his book in which he encouraged me to "break out the paint". I'm unable to attend the ceremony on Monday but wish to offer my sincere condolences to all of his family and friends. His work still inspires me and I will be breaking out the paint again with kind thoughts of Gary. Aloha, Don Mackintoshdbain@hawaii.rr.com

I am so sorry for your loss, Ofelia. I knew Gary best in the 80s when I went once a week to work at the Waianae Mental Health Center. We'd often have lunch at the Rusty Harpoon. I'd call him up and say: "The 'Poon at noon!" Many good laughs. I will always treasure the two originals of his I have, especially the one I commissioned for my late wife's wedding present. I will miss him very much. Warmest aloha, Mark Stitham

My deep condolences to Ofelia and Gary's family. I was in the Cavaliers with Gary back years ago. He was the life of the party. He was an extremely talented horn player too. The Cavaliers won many championship during our time. I am so saddened by his passing. I have a large print of his that I have visualized myself sitting with him in the trees painting a waterfall. What depth to his work. I miss you Gary.
