# Ashton Lee Johnson

MAY 10, 2004 - DEC 22, 2024

**A**shton Lee Johnson, 20, of Wahiawa, passed away on Sunday, December 22, 2024, in a tragic motorcycle hit-and-run accident. From a young age, Ashton's life was defined by his love for two wheels and the freedom they represented. He mastered riding a bicycle at just 1 and a half years old, a remarkable feat that hinted at the adventurous spirit he would carry throughout his life. By the age of 4, he had already conquered dirt biking, impressing everyone with his determination and natural talent. Ashton's enthusiasm for riding only grew as he did. He cherished long bike rides, bonding over shared moments on the open road. When the time came to obtain a driver's license, Ashton famously declared he had no desire to drive a car, stating that his heart was firmly set on riding something with two wheels. This deep connection to motorcycles and bikes symbolized his free-spirited and fearless approach to life.

A graduate of Leilehua High School, Ashton pursued his passion for mechanics at Leeward Community College while working at Lex Brody's Tires. Known for his unmatched charisma, beaming smile, and infectious humor, Ashton had a remarkable way of making everyone feel valued and appreciated. His magnetic personality united people, and his unwavering kindness left a lasting impression on all who crossed his path.

Ashton was preceded in death by his father, Jeffery Johnson Jr. He is survived by his loving mother and stepfather, Cassandra and Adam Wolf; sister, Brionna Herrington; brother, Carter McMillen; grandparents, Jefferey Johnson Sr., Amnoy Johnson, and Vanessa Pierani; and his beloved dog, Rasclé, all of whom adored his dynamic spirit and adventurous soul.

A visitation will be held at 9 A.M., followed by funeral services at 10 A.M., on Wednesday, January 22, 2025, at Valley of the Temples Mortuary (Trousdale Chapel). Ashton will be laid to rest later that day at 2 P.M. at Hawaii State Veterans Cemetery in Kaneohe.

Look, I don't have a ton of memories with Ashton like I wish I did because if I'm being honest he was one of the coolest, funniest, and smartest person I could have asked to be in my life. I'm going to start off by saying my heart goes out to his family, my aunt Cassie, my uncle Adam, and his two siblings Brianna and Carter. See Ashton was always a fun, outgoing, adventurous, and kind soul. I remember that everywhere he and his family moved I would go and visit them during a break from school. I remember we'd all go on adventures. I also remember how Ashton's favorite thing was dinosaurs and his bike. I remember how Ashton would always walk around and "rawr" at you and you couldn't help but smile. He never failed to make a person smile. I know we aren't supposed to have favorites but he had to have been one of my favorite cousins. And I know I wish I could have had more and more memories with him. But I will forever cherish the ones we do have together. You may be gone from Earth but you will never be gone from my heart and will certainly never be forgotten! I love ya Ashton! Ride high!
