To my dearest Uncle Rocky, I cannot thank you enough for all those lectures and lessons you have taught me from my childhood, and teenaged yrs all the way to adulthood. I don't think I would have ever been able to be where I'm at today if I didn't have you in my life. All those hours you spent with me teaching me the trade of painting. I was only in the 8th grade when you came and picked me up and took me to work when you knew that football and basketball season was done with. You made me the painter that iam today. The knowledge and all that came with it will stay with me forever. You may not be here in person but you will always be in my heart and mind when I'm out there doing side jobs and remembering all what you have taught me. Thank you Uncle for your patience and for your time. I will miss you dearly. I will never forget to share and pass on all the values of life and lessons I haves learned from you. May the Lord BLESS YOU , and I will see you again on the other side. A Hui Hou. Your favorite nephew, Patrick
