Jim and I started work at Air Service on Lagoon drive. For both of us it was our start as A & P mechanics. I remember him warmth, humor and caring. He was the friend at work that encouraged me when my wife and I were going through the adoption of our first son and the hassles of immigration since our son was coming from an orphanage in the Philippines. During this time he introduced me to the term "Rugrats". Once or twice he brought his guitar and played some slack key during our lunch break. I lost track of him for many years in this world but look forward to enjoying his company in the next. Aloha Jim, you are remembered with fondness. See you later.##imported-begin##James E Slack##imported-end##
