Uncle Rely, Funny how we always hear the words, "never take things for granted", but really do not comprehend the true meaning of the saying until a love one is gone. For whatever we miss about your absence, we now come together in remembering- that your calmness and easy way you show us love, gives us a clearer understanding of the lessons and importance of family unity. Although the pain of realizing that your physical being is no longer here, we will continue to remember and rejoice in how you taught us about the love of family and how love is pass from generation to generation. We will miss your warm smile, the gentleness in your voice, and the enduring assurance of love for your family and ours while in your own way, teaching our children about the strong family bonds of love. This is what we will miss about how you exemplified your love for the family. I want to Thank You for everything that you have done. You are now pain free and at peace with our Lord and Savior Jesus Christ. Cody, Cheyenne, Jean and I will miss you and will always be in our hearts. By the way, tell Mom, Dad and Tata that we miss and love them. Love, the Saludez Ohana##imported-begin##Mary Ann Saludez##imported-end##
