“ Needed to compose you this very small note in order to thank you very much as borefe about the unique information you have shared in this case. This has been certainly seriously open-handed with people like you to grant unreservedly just what many people could possibly have offered for sale for an electronic book to generate some cash on their own, primarily since you might have done it in the event you decided. These guidelines in addition acted to be the easy way to be certain that most people have similar zeal just as mine to realize more with regards to this condition. I think there are some more pleasant moments up front for individuals who check out your blog post.

“ I beviele Green and West will be great for us next year, but I also beviele we need another big man like Semih Erden back or try to get a Nene or Chandler, or make some kind of trade and we also need someone to drive the ball to the basket. You need to create foul trouble to win and help finish games which we didnt do last year in the Finals, thats how we lost, the Lakers got to the line and made there shots and thats how you close out games. Pierce cant go in everytime like early in his career so who is going to drive the ball? Ronod is good at it but doesnt do it enough, West can do it but again doesnt do it enough. Need to score points in the paint. A few things happen when you do that. You either get the easy 2 points and maybe get fouled or you dont get it and get fouled or you dont make it but may get tipped in. We are a jump shooting team and thats why we are struggling at the end of games and near the end of the season. Marquis Daniels worked on his jump shot by shooting 1000 jumpers a day and stepped up his game, Dwight Howard learned how to play offence this past off season, my point is why can my boy Rondo not hit a free throw? Its called free throw for a reason. Dirk hit like 24 straight in a game the other night! Pierce hit 21 in a row one year, Ray Allen has a rating of over 90 percent at the line why are they not working on that part of his game with him. Hes my favorite Celtic but I think thats the only thing he needs work on,well that and still work on the jumper, he would be unstoppable if he did those two things.

“ To the Aguada Family: We are deeply saddened to hear of the passing of Tata Aguada. Tata Aguada was more than just the landlord who lived upstairs of us. He was a dear friend to our family and a grandfather figure to us since we were children. Tata was always so warm and welcoming and it was such a pleasure to have him in our lives. Fourteen year ago, Tata Aguada gave my family emotional and spiritual support when our own grandfather died in 1998- I will never forget the kindness he offered to our family during our moment of bereavement. May God bless his soul. We truly regret not being present to pay our respects in person, but we would like to send our condolences and prayers to your family. May Tata Aguada now rest in Christ's hands. Our thoughts and prayers go out to your family. With deepest sympathy, from our family to yours,Fay and Emily Callejo(Nemy, Fely & Irene)
