“ You cross paths with people in your life and some leave a lasting impression for the rest of your life... Thank you James for everything, you had such a big heart that I was blessed to have known. You were the most genuine person I knew and you will never be forgotten. My heart is heavy that you are no longer with us but I know you are in a better place, may you rest in peace and fly with angels.

All my love,  
Jenn

“ To the Family of James Paul Lindsey,

The loss of a loved one is one of the most unnatural occurrences that someone can experiences. It raises so many questions and often those question, even when someone attempts to give us answers, do not satisfy us or help us understand why we die, I find great hope and comfort in what the Bible says about one day death being no more (Revelation 21:3,4) and how one day all who've died will be resurrected.
