“ There is nothing more endearing & precious to me that I would forever miss more than the time I got to spend with my grandma. The long phone conversations where she never ceases to continue to make me laugh, her continued encouragements for me to keep striving forward with my school goals & dreams, or her extremely warm, kind and big heart that she would bestow upon anyone and everyone that she came in contact with. I love my grandma. She was and will forever be my spunky grandma. She loved to sing and dance, music was in her blood as it is in all us who are left behind that cherish her memory. I know that she is in a better place with no suffering among the angels in heaven and with all our beloved ones who I believe beyond a shadow of a doubt was there to greet her with open arms and a smile. Although I will miss her deeply, I believe that she is in a place filled with peace and love and I will be happy for her knowing that I will one day see her again when it comes to be my time.
