“ One of the fondest memories I have of my grandfather is when he would spend time with me and my brother chaz on the weekend and would take us to watch movies , and take us out to eat. He always asked us what we wanted to do. He tried his best for us to enjoy. Another memory is when you motivated me to getting my license and teaching me how to drive , thank you for taking the time to teaching me when no one did grandpa . Spending time at your home with you and grandma will always be my fave , you always were so happy to see us , and always funny and I'll miss you bickering with grandma Lol and how you would always bring out ur cup of whiskey ... I have more memories I would love to share but I'll end it here . I often think of you, and I miss you Grandpa , and love you dearly ! I'll cherish all the great times I've had with you, Im grateful for all the things you've taught me , everything means a lot more to me, thank you for everything you have done for us! Love you and miss you always! Hope you are in heaven with your parents, and grandparents , and your daughter , my aunty julie , and your friends ... I'll see you again some day!
