“ Aloha to my Parkin ohana;
We love you and send our condolences to you all.
Growing up, I always appreciated the visits from mom and dad. I always admired them, as dad with his soft spoken voice and twinkle in his eye and his cute smile and mom with her oh so beautiful smile and cute little gestures she made with those oh so wide beautiful eyes. What I always remembered the most of them besides their genuine love and respect they always shown us was how you always saw them together holding hands you could always see the love they had for each other. How awesome was that. Cousin Sunday we will definitely miss you. Heavenly Father has called you home as your work on earth is done. Thank you for being a part of my life and for loving my cousin Boy(Arthur) the way you did. With all our love.
